Commencement of High School Monday

EXERCISES WILL BE HELD AT FIRST BAPTIST CHURCH

J. E. SWEARINGEN

State Superintendent of Education Will Deliver the Address.

Class room work of the Anderson city schools has come to an end for the season of 1914-15. The session has been one of steady work and few interruptions, and it is due to the good management of Superintendent McCants and others in charge of the work that things have gone off so nicely.

The schools opened with a large enrollment, which was maintained. The school term actually ended Friday, but the final goodbyes were not said until Friday evening, when the annual high school reception was held. This reception is the one big social event of the school year and is attended by all pupils of the 9th, 10th and 11th grades and a number of young people of the city who are not pupils of the school. The twelve graduates of this year were the guests of honor at this event. The West Market street school grounds were illuminated with incandescent lamps and Japanese lanterns and made a very pretty sight.

The commencement exercises of the high school will be held Monday night in the First Baptist church. There are three medals to be awarded this year instead of the usual two. Two are given by the U. D. C. Chapter for the best essay. When the judges received the essays it was seen that two young ladies were tied for first honor, Misses Carrie Moore and Louise Shearer both wrote such excellent essays the judges asked for the second medal. The other medal, offered by Prof. E. C. McCants for the best short story was won by Miss Lena Clarke.

Following is the program of the commencement which will be rendered Monday night:

Song—"Come Thou Almighty King."
Prayer—By Rev. J. W. Speake.
The Elvies Dance—Chorus.
The Trend of Fate, Prize story—By Lena Clarke.
Voices of the Woods—Chorus.
Class History—David Rast.
Happy Birds—Chorus.
Class Prophecy—Sara Balley.
Sandman Am a Softly Comin.—Chorus.
Address.—Hon. J. E. Swearingen.

Delivery of Diplomas, and medals by Supt. McCants and Mr. C. B. Earle to the twelve graduates. Benediction by Rev. J. W. Speake. On account of the double prize it will be impossible to have both essays winning U. D. C. medals read.

PULPIT SUPPLY COMMITTEE

Of First Baptist Church Will Report to Congregation Today.

It is generally understood that the committee on pupil supply of the First Baptist church will have a report to make to the congregation at the morning service today.

The nature of the committee's report was not made public yesterday, but it is presumed they will place before the congregation their recommendation of some minister for pastor of the church, succeeding Dr. John F. Vines, who leaves June 1st to become pastor of the First Baptist church, or Roanoke, Va.

GERMANS HAVE FIXED HOURS FOR BOMBARDMENT

London, May 22.—"This is a methodical war," writes an English soldier who served in several Indian campaigns and also in the South African war, and who is now at the front near Ypres. "In South Africa," he explains, "we rode gaily out in the morning never knowing whether we would meet an enemy over the first hill or never see one all day. Here we go to fight by the six o'clock omnibus from Vlamerunghe. We knew that we shall be in the firing line at a certain hour and out of it at another. It is all cut and dried.

"The Germans re even more methodical. There is a town about two miles behind our line that they shell regularly every Sunday from 11 to 3 and every Wednesday from 1 to 2:30, and at no other time. This has gone on for months."

Collection of Rare Wood.

Panama, May 22.—When Henry Pettier of the United States department of Agriculture, was in Panama early this year he made a large collection of the native woods. A similar collection now will be made and sent to the Smithsonian Institute at Washington which has accepted the gift from the Republic of Panama.

The collection consists of nearly a hundred different kinds of woods, many of them rare specimens.

A HOME OF YOUR OWN IS A HOME INDEED

There's lots of room for thought—and there's plenty of truth in this "ad contest" entry.

FOR HOMES SEE JOHN LINLEY AT FARMER & LINLEY'S

A fellow CAN live almost anywhere!

For instance, some live in caves, some in the desert, some in hot, congested districts and all of them get away with it **SOMEHOW!**

That "**SOMEHOW**" is the pivot. All depends upon **YOUR** definition of it! If it means satisfaction to live on hot crowded streets, indifference to sanitation, lack of shade and natural beauty, then the Somehow spells mere Existence.

But if it means a roomy lot, flowers and fruit, modern conveniences, and luxuries, cool lawns, and a public park, good water, beautiful homes, and good neighbors, **THEN** the "**SOMEHOW**" means real living!

Folks **LIVE** up in North Anderson!

WILL REPORT TODAY ON CHURCH CAMPAIGN

INTERESTING SERVICES AT ST. JOHN'S THIS MORNING

GOAL IN SIGHT

Friday Night Committees Had Raised All But Few Thousand Dollars.

At St. John's church today the reports of the various committees which have been at work raising the money for lifting the church debt will be heard. It is known that the goal to which all are striving is now in sight and the campaign has been one of the most satisfactory in the history of the church. It has been a whirlwind campaign to the letter. Most everyone has been a liberal subscriber, and the money has been pledged readily.

The public is invited to attend St. John's church today and hear the reports as they are read. The work has been enthusiastic. The reports of the committees will be heard by the church with the satisfaction of knowing that the plan has not been a failure.

The committees met on Friday night and it was found that \$20,275 of the necessary \$25,750 had been raised. Following is the record by teams:

- Team 1, Addison, 3 shares, 4 subscribers.
- Team 2, Templeton, 16 1-2 shares, 13 subscribers.
- Team 3, Dugan, shares, 2 subscribers.
- Team 4, Geiger, 6 1-2 shares, 5 subscribers.
- Team 5, Marshall, 3 shares, 3 subscribers.

That was Friday's work, and brings the total of the amount subscribed up to \$20,975. This is a big percentage of the whole amount and the committees are very much encouraged over the week's work.
